## AUTOTEX INTO THE FUTURE!

I would like to inform you that a new business relationship is about to begin between Autotex Italia srl and Prima-Tech srl.

Autotex, with its 40 years experience in textile automation and loyal customers all over the world, and Prima-Tech srl, with its young, energetic team and new ideas, will together undoubtedly benefit everyone, especially you, the customer.

I will personally ensure that you are kept informed and updated and ask that you ignore any other *unofficial* sources of information. This is the only channel from which you will learn the facts – all the rest is only gossip!!

Sincere regards

Angelo Morano
